

PRIVACY INFORMATION NOTICE

(pursuant to the GDPR – EU Regulation No. 2016/679)

We hereby inform you that ASD ReAction (hereinafter simply referred to as "ASD"), with registered office in Piazzetta Ottoboni, 4c – 33170 Pordenone (PN), Tax Code 91083080936, email info@reactiontri.it, acting as Data Controller and Data Processor, will process your personal, identifying, and demographic data pursuant to Article 13 of the GDPR, according to the methods and precautions specified below:

Parties Involved in the Processing

- **Data Subject** – The individual who provides their personal data and to whom this information notice is addressed;
- **Data Controller** – The ASD that collects the data and processes, stores, or transmits it;
- **Data Processor** – The entity/person designated to process the data, if any;
- **Third-party Recipient** – The entity to whom the data is provided by the ASD.

Processing Methods

The collection and processing of your personal data will take place after receiving your consent. Processing may also be carried out with the assistance of paper, electronic, IT, or web-based means for the operations indicated in Art. 4 of the Code and Art. 4 No. 2 of the GDPR, such as: collection, recording, organization, consultation, processing, modification, extraction, use, communication, and erasure.

Purposes of Processing

Following your consent, processing is aimed at managing your application for membership in the ASD as provided for by the Entity's Articles of Association, participation in proposed activities, your registration with Sports Promotion Entities or CONI Federations, as well as inclusion in the C.O.N.I. Register and the National Register of Amateur Sports Activities for official amateur sports recognition. Communications regarding membership management, including communications for activities carried out with the ASD, will be sent to the email address provided during membership application.

Obligatory Nature of Data Provision

Providing data is necessary and mandatory for the purposes, and refusal to provide it will make it impossible to join the ASD and complete membership registration.

Data Communication

The data provided by you will be processed by us and communicated, for the stated processing purposes, to CONI-recognized Sports Promotion Entities, CONI Federations, and through them to CONI Servizi S.p.A., Coninet S.p.A., and Sport e Salute S.p.A., for institutional purposes resulting from registration. These entities will act in full autonomy as Data Controllers/Processors for their respective responsibilities. Furthermore, upon request, the data will be communicated to Public Administrations for legal purposes.

Data Storage Location and Methods

Personal data is stored by the Data Controller on paper format and/or on IT servers, in locations normally located within the European Community. Upon request of the data subject, the storage addresses related to that data will be communicated.

Data Retention Period

Your data will be retained for the period stipulated by applicable CONI regulations. After this period, the data will be archived in protected files for the period required by statutory law, and destroyed at the end of that period.

Rights of the Data Subject

By submitting a specific request to the ASD (Data Controller) via registered mail or email, you may access your personal data held by the Entity, request its modification, rectification, or destruction. Furthermore, you may complete it, update it, or request a copy. Any requests for paper copies not collected at the Entity's headquarters will be subject to a postage fee. You may also, using the same methods, withdraw consent, object to the processing of all or part of the data, or request its transmission to third parties specified by you. You may lodge a complaint with the Data Protection Authority (Garante per la protezione dei dati personali) if you believe your rights have been violated.

Control Procedures

Functional security controls in the IT and web domain will be implemented through:

- **Control and traceability of access** via IDs and Passwords with multi-level access controls;
- **Encoding/Mapping of processing** with identification and partitioning of processes;
- **Malware protection system**;
- **Minimization of processed data**.

Physical security controls will be implemented through:

- **Storage of paper media** in protected locations accessible only to authorized personnel;
- **Storage of physical server media** in a protected location and data backups;
- **Execution of rigorous contracts** regarding personal data processing.

Organizational controls will be implemented through:

- **Specific training** for personnel who have access to personal data.
